### What Not to Bring:

Sorry pets are not allowed on site so please don't bring any animals or pets with you to the farm  
Please don't bring anything to play amplified music on/with.

### Mobile Technology

Will I have Mobile Phone coverage?

The farm has patchy mobile phone coverage and it varies by network provider.  
Orange and Vodaphone service is good the others are less reliable and you may need to walk up the lane or across the field to get a good signal.

Is there Internet Access?

There is wi-fi access around the farm yard but not at the yurt.

There are no electrical points. The yurt is the perfect place to stay and have a break from your day to day life and demands.
